**Subj:** Senate Bill 1129

This is to inform you that I am in favor of Senate Bill 1129. I feel that more oversight of the Connecticut prison reform system is needed. History has shown that many early released prisoners are involved with repeated violations of Connecticut law resulting in many honest, hardworking citizens pay the price for their early release from prison. This cost subjected by the citizens is much greater than the cost to the State for preventing their early release.
